

HOW TO PURCHASE *PETITSIN*

PETITSIN: is a line of architectural castings available ONLY through the **J.P. WEAVER CO.** It is NOT available through any designer's showroom or through any system of "reps". *PETITSIN* comes directly from the creator of the line. It is generally specified by the designer or architect of the project.

GENERAL TERMS for WORKING with J.P. WEAVER:

No pieces are held in stock. All parts are made fresh to each order. **The lead time varies from 25 to 30 working days.** At the time of placing an order you will be given the date when your order will leave the *JPW* facilities.

PRICING FOR A QUOTATION: Please FAX or EMAIL your order to (818)500-1798 or info@jpweaver.com. A quote will be generated and faxed or emailed to you with a Credit Card Authorization Form within 24 hours. If you agree upon all terms, you will need to fax or email a completed Credit Card Authorization Form and quote to us in which *JPW* starts production of your product.

MINIMUM QUANTITIES: Because *JPW* is a manufacturing facility, there are minimum quantities for the pieces. There is a minimum order of 4 pieces, 4 pairs or 4 sets. Please be advised that even a large quantity of single item orders does not constitute a minimum order and can not be filled. Prices are subject to change.

SIZES of the VARIOUS "PETITSIN" PIECES: Listed in the book are the sizes of the various pieces. These sizes are **APPROXIMATE**. They are not absolute to the nearest eight of the inch. These variations will NOT affect any design layout. The drawings are handed over to the sculptor who does the literal interpretation of what the actual sculpture will be. A mould is then made of the original. There is a minute amount of shrinkage in the curing of the mould. (*JPW* uses the finest of French silicones to minimize this shrinkage.) The casting is then done. Again, there is minute shrinkage which can also be affected by the weather condition. These factors are beyond *JPW* control.

INSTALLATION INSTRUCTIONS: Basic installation instructions are included in every shipment so that the information goes directly into the hands of the installer. In cases of unusual situations, technical installation help is available at our *J.P. Weaver* home office.

SAMPLES: *JPW* may be able to send you one small sample from *JPW*'s cuttings for a minimal fee. The "Petitsin" line has grown so rapidly and now known internationally and is recognized as the elite of period mouldings in its design, sharpness and technology

- **ORDER FORM FOR THE PURCHASE OF PETITSIN ORNAMENTS IS INCLUDED IN YOUR PRICE BOOK.**
